

**MINUTES OF THE DEPARTMENTAL BID COMMITTEE HELD ON
10/10/2022 AT 4.30 PM IN THE CONFERENCE HALL OF THE
DIRECTORATE OF AGRICULTURE, ASSAM, KHANAPARA,
GUWAHATI-22 FOR CERTIFIED AND TRUTHFULLY LABELLED
SEEDS.**

The Chairman, Departmental Bid Committee presided over the meeting. The Committee placed the Comparative statement (financial) of Certified and Truthfully Labelled seeds and Hybrid Seeds in the meeting

Group A Certified and Truthfully Labelled:

Total no. of Technically responsive bidders :26 nos.

The evaluation committee placed before the DBC the Comparative Statement of the rates of Group A Certified and Truthfully Labelled Seeds and decided that the varieties for which there are minimum 3 (three) nos. of bids will be accepted for evaluation and fixing of L1 price and decided to reject varieties with double bids and single bid.

It was informed that in regard to M/S Salasar Agro Service, the Wheat var. HD-2967 which is notified for the state of Assam and the gazette notification can be found in the Govt. of India Website. So committee decided to accept the Wheat var. HD-2967 for financial evaluation. The committee also decided to accept the Coriander var. Local of the same bidders for financial evaluation, as the Local varieties are mentioned in the Package of Practices issued by AAU.

It was informed in the meeting that there is need of mustard seeds in the APART project. In this regard it was decided that as Assam Seeds Corporation Ltd. has rates of mustard and rapeseeds, therefore the committee decided to procure rapeseeds and mustard seeds from ASC Ltd. only as per availability of varieties with ASC Ltd. Moreover in respect of requirement of other seeds by APART, the same may be procured from ASC Ltd.

The committee also decided that the rate comparison for TL seeds and certified seeds will be done separately irrespective of same variety.

Representation submitted by the bidders was placed in the meeting . A threadbare discussion was held and was decided to go with the decision as per the minutes dated 30th September 2022.

Group B: Hybrid Seeds:

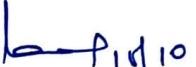

The committee was informed that the crop Hybrid Paddy variety Bio 799/Bio 453 is technically rejected but due to typing error the variety was typed in the accepted column as well as in the rejected column. The crop Hybrid

Paddy variety Bio 799/Bio 453 is technically rejected and the reason of rejection is in the earlier minutes. In respect of Hybrid seeds as the varieties are proprietary varieties therefore the single bids are accepted. The Committee requested MD ASC Ltd. to take an undertaking from the concerned vendor in respect of supplying proprietary varieties at non inflammatory price.

The statement showing L1 rates and accepted price for Certified and Truthfully Labelled Seeds and Hybrid seeds are enclosed as Annexure A and B respectively.

The Committee requested MD ASC Ltd. to arrange for preparation of Sale price by adding the margin. The minutes may be uploaded in the website.

The meeting ended with a vote of thanks from the chair.
